*ADVANTEX
SYSTEM
INSTALLED IN
PULTENEY*

Advantex system by Orenco installed on West Lake Road

Replacement System

The first Advantex system was installed on Keuka Lake on the West Lake Road in the Town of Pulteney. The Advantex system is a recirculating system that uses textile as the treatment medium and is an aerobic treatment unit. The system has an NSF rating the same as other aerobic treatment units.

INSPECTORS MEETING

The inspectors, KWIC manager, KWIC chair and KWIC clerk met with Scott Demmin regarding the present KWIC data and each individual inspectors data. The purpose of the meeting was to gain knowledge of the value of the existing data sources to be used in the development of data base for the KWIC program. From this May 21, 2009 meeting we will be receiving a proposal for the computer software program.

Failed system detected in an evaluation of a system. System at times was surface discharging to a ditch.
