

Keuka Watershed Improvement Cooperative

NOVEMBER 2011 MANAGER'S REPORT

Attended Grant course by the New York State Archives. It appears there may be a possibility. We need to know if any municipalities are planning on pursuing any grants from the New York State Archives for 2012. We need this information as soon as possible, so we can formulate a cooperative or shared services grant for data entry of septic data into the system.

Permits- 7 construction permits have been issued since the last meeting bringing the year to date total to 73.

Inspectors Meeting- We plan on holding an inspector's meeting in December or the first of January covering any changes we need to make in the software. We are presently waiting on the state to get additional updates from the Real Property Tax office.

Violations- Year to date 99. (this includes ETU contracts not up to date, any failed reports needing action and inspections not performed)

MUNICIPALITY	ZONE ONE INSPECTIONS YTD (Properties) (1/1/11-12/31/11)	ZONE ONE INSPECTION DUE (1/1/99-12/31/11)	PERCENT COMPLETE
Barrington	58	13	82%
Hammondsport	17	10	63%
Jerusalem	87	41	68%
Milo	22	7	76%
Penn Yan	0	0	0
Pulteney	105	45	70%
Urbana	77	13	86%
Wayne	70	77	48%
Wayne (Zone A)	96	25	79%

11/28/11 at 3pm

Total zone 1 & A = 532

1 Keuka Business Park
Suite 110
